PROFILE

JUS.AT – A NEW APPROACH TO LEGAL SERVICES

FREIMÜLLER / OBEREDER / PILZ is a law firm designed for modern-day Vienna, a city that is traditionally home to both international corporations and long-established local businesses, and now flourishing with a growing number of vibrant new companies.

In this dynamic environment, the roof-top offices of our law firm, located in a historic 19th century building near the center of the city, reflect the outlook and vision of the lawyers working there - combining innovative cutting-edge interior design with the distinguished atmosphere of an established legal practice.

The firm was founded in 1994, and currently has six attorneys, each with a professional résumé reflecting a different area of expertise. As a team, we are able to offer our clients comprehensive legal services. In many cases, considerable added value can be generated when specialized areas are combined.

Commitment to the community is part of our firm's vision and culture; it includes counsel and representation for socially disadvantaged individuals and groups, social welfare organizations and NGOs.

To schedule a consultation, we welcome your e-mail or your call briefly describing the legal matter you would like to discuss. We look forward to meeting you to address your legal needs!

PRACTICE AREAS

Today, legal practice requires a high degree of specialization to ensure that clients receive competent and top-quality advice and representation. Our partners and associates offer superior expertise and experience along with thorough theoretical and practical knowledge in their specialized practice areas to provide fast and competent legal services.

Besides general civil law, our areas of practice include insolvency law, labor and employment law, copyright and media law, as well as telecommunications law.

Additional expertise in further specialized fields ensures that any legal matter you may raise will be addressed by a lawyer who has the specialized knowledge and skills. Ongoing communication among our partners creates the network needed to ensure that clients receive the best possible all-round service.
